

One Country. One Exclusive Operator.

A patented car drying towel vending system created for car wash locations worldwide.

A Complete Vending System

Patented vending machines, original microfiber towels and smart technology engineered to work as one system.

An Exclusive Opportunity in Your Market

Selected Country Operators develop the Rulomatik network in their markets with direct manufacturer support.

Invented. Developed. Manufactured by Rulomatik.

You Don't Enter the Market **Alone.**

Ready Brand & Marketing System

Professional brand assets, presentations and digital materials ready to support your local market launch.

Market Development Support

Our international team helps you plan market entry, positioning and local network development.

Continuous Manufacturer Support

Product supply, technical know-how and operational support continue as your network grows.

A Simple Need. **A Smart Solution.**

DRIVER DEMAND

Rulomatik makes the towel available exactly where the need occurs directly at the car wash, 24/7.

After washing, drivers still need a clean towel to dry, clean and finish their vehicles.

After Wash

Become the Official Rulomatik Operator in Your Country.

Official Operator
selected for each country

One Country. One Official Operator.

Rulomatik develops each market with a selected Country Operator under an official cooperation structure.

Exclusive Market Position

Operate under Rulomatik's official Country Operator model.

Direct Manufacturer Relationship

Work directly with Rulomatik headquarters.

Official Brand Authorization

Represent and develop the Rulomatik system in your market.

Your cooperation is
established directly with the
manufacturer not through an
intermediary.

**From One Invention to
a Growing Global
Network.**

Our headquarters is located in Bursa, a city that industrially bridges Europe and Asia.

In Bursa where our production factory, logistics center, and headquarters are situated, we manage the entrepreneurial spirit and organization with a broad vision.

With an approach that goes beyond just being a manufacturer, we focus on human-centered production.

From Agreement to Market Launch.

OPERATOR ONBOARDING

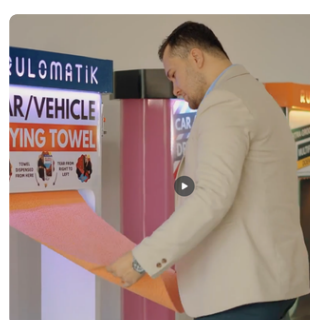

We prepare you to launch with confidence.

Training, market guidance and direct access to the Rulomatik team help you prepare before operations begin.

Ready Before You Launch.
Product. Market. Operations.

Local Entrepreneurs. One Global Vision.

**20+ countries and more
than 375 cities
have already joined us.**

**With Rulomatik, you receive a well designed business
model with high profit potential.**

More Than a Vending Machine. One Integrated System.

Four Elements. One Rulomatik System.

Patented Vending Machine

Original Microfiber Towels

Flexible Payment Technology

RULOCONTROL

Designed, developed and supplied as one complete system by Rulomatik.

The Machine Starts the Network. The Towels Keep It Moving.

CONTINUOUS PRODUCT SUPPLY

Machine Supply

Country Operators develop their markets by supplying Rulomatik vending systems to suitable locations.

Continuous Towel Supply

Installed machines create an ongoing need for original Rulomatik car drying towels.

Every New Location Expands the Supply Network.
